Madoc Village Reeve's motion misunderstood

by Jeff Wilson

Madoc Reeve Tom Deline was saddened by the reaction of fellow county council members to his Township to leave the county. A few members called the motion "vindic." tive", "ignorant", "misplaced". motion requesting Sidney

an interview, Deline said the motion was meant to evoke discussion on issues that he felt needed to be aired out.

"I am saddened that a group of mature adults cannot discuss real issues with-

out innuendo," Deline said. The motion read, "Whereas the Honorable Al Leach, Minister of Munici-

Community Trust forms small board of directors

by Jeff Wilson

Despite another low turnout of local organiza-tions, a small board of directors was formed, so that the Centre and South Hastings Community Trust could move ahead.
Three of those in attend-

ance at the meeting, held last Wednesday at the Huntingdon Township Hall, in Ivanhoe volunteered to sit on a board of directors

Those volunteering to sit on the board were: Paul Kennedy, Willis Kennedy, Willis MacLauchlan and Bill Edgecombe. The three all said they thought the Community Trust idea was a good concept.

Eric Fry, Director of Hastings County Social Services who was in attendance stated that six or seven-

board members would be a good number of a board. He added that if the board members volunteered time for several months the Community Trust could be up and running by the Fall.
The new board members

will be focusing on the peo-ple for local services clubs and organizations that have previously expressed and interest in the trust fund, but were not in attendance at the meeting.

A Community Trust currently exists in both Belleville and Trenton.

The next meeting for the Centre and South Hastings Community Trust is set for Wednesday, June 5 at St. Paul's Anglican Church Hall in Roslin at 7 p.m.

pal Affairs, has seen fit to approve a Municipal Planning Authority involving Sidney Township, and whereas this decision put a severe financial burden on the balance of the municipalities in Hastings County to provide and whereas Honorable Minister chose to ignore Hastings County strong objection and valid concerns, now therefore be it resolved that the County of Hastings formally request the Township of Sidney to remove itself from the County of Hastings and to immediately enter into negotiations with the County of Hastings and the Province of Ontario to com-plete the process as soon as possible

The motion, which was read last Thursday during a county council meeting, was moved by Deline and seconded by Deloro Reeve George Nelson. Only four county members voted in

favor of the motion.

Deline said the motion contained three different segments, and maybe should have been broken up into three separate motions, rather than one.

The first segment, was to deal with the Minister's decision, which Deline said was contrary to the provin-cial government's idea of streamlining. He felt the

approval of the Quinte-East Northumberland Planning Authority, which includes Sidney, Ameliasburg, Murray and Brighton Townships and FrankTord Village, just created another bureaucracy and more red tape. The Minister's deci-sion will mean about

\$45,000 less to the county As well. Deline said the county had a special meeting in Toronto to voice their objection and when the issuccame to a vote, two areas MPP's voted in favor, while two others voted against, with Leach making the deciding vote in favor.

The second segment, re-questing Sidney Township to leave the county, was included to force Sidney to formally respond to the re-quest with a motion of council. Deline said the county cannot force any munici-pality to leave. He added that the county has bent over backwards to accommodate Sidney, by guaranteeing the municipality representation on the finance, roads and planning committee, as well as passing market value as-

sment The third segment, was included so, that if Sidney did decide it wanted to leave the county the issue could be dealt with quickly and finally be resolved Continued on page 3

Madoc Village sets budget for 1996

by Jeff Wilson

Despite cuts in provincial grant funding, the village will only increase the municipal portion of the budget by

S16,000.

The province has cut the village grant funding for roads, recreation and per capita grants by \$38,904, reducing the municipality's total grants to \$168,204 for 1996. This year's budget allows for some sidewalk rehabilitation, currently going on in the village, as well as the construction of a new soccer field on the Whytock Park property, an addition to the public works barn for storage (\$7,000), sewer line rehabilitation (\$60,000) and some road paying (\$123,000).

Reeve Tom Deline stated that taxpayer with property

Reeve Tom Deline stated that taxpayer with property assessed at an average of \$160,000 will pay \$1,700 in taxes in 1996, while in 1995 the taxes would have been \$1,642. He also stated that because of market value assessment the county and board of education portions of the tax bill are down this year.

The village has cut the six per cent discount to taxpayers

who remit their taxes on time. Taxpayers who submit their taxes late will be charged 1.25 per cent per month of the overdue portion of their taxes

Rescue Unit service coverage discussed

by Jeff Wilson

Madoc Village Fire Chief Roger Snider will be approaching two area mu nicipalities fire chiefs to discuss rescue unit service.

The request was made by Madoc Village Council during a regular council meeting last Tuesday.

The village may have to charge neighboring munici-palities a fee for service for use of the rescue unit if the county does not maintain control.

Currently, both Madoc Township and Huntingdon Township rely totally on the village to supply rescue unit service, while other municipalities like Marmora Village sometimes need the use of the unit's heavier equipment

A discussion between council and Chief Snider touched on the possibility the other two municipali ties sharing in capital costs of the unit with the village, or if that was not agreeable then a fee for service would have to be charged. Chief Snider also brought up the possibility of charging the insurance companies for services rendered by the

village rescue unit. Reeve Tom Deline said council would be agreeable to any arrangement with neighboring municipalities as long as it was "fair and not costing our taxpayers".

Champion fiddlers. step dancers ready to take Douro by storm

\$7500 up for grabs at 3rd annual Canadian Olde Tyme

competition Douro - Performers from as far away as Vancouver Island and New Brunswick will take to the Douro Com-

munity Centre stage June 7-8 as the village gets ready to host its third annual Old Tyme Fiddle & Step Dancing contest.

Organized by Douro's own award-winning fiddler and recording artist Michael LeMoire, and following the format made famous in Shelbourne

and Bobcaygeon, the weekend event will draw the best of all ages bent on showing the judge's their magnificent talents.

The competition has

LeMoire who hopes to keep "old tyme" fiddling and step dancing alive in this part of the world -- as well as across

The competition is certain to be excellent and entertaining with fiddlers vying for a prize purse of \$3800 and step dancers one valued at \$3700.

The excitement begins at 7 pm on Friday, June 7, with eight classes competing including the 18-&-under step dancing, 18-&-un-der fiddling and open fiddling and step dancing.

The show rolls again Saturday morning (10 am) with everything from the local step dancing and fid-dling classes to duet and novelty fiddling classes. Saturday evening (7pm)

the finalists will compete with a number of important trophies at stake including the Ivan and Vivian Hicks

Trophy, the Julie and Frank Leahy Trophy and the Thomas and Mary Cavanagh Memorial Tro-

And for the audience's added pleasure the fiddle and step dancing judges will also take their turn on stage. Super M.C. Larry Stacey

Super M.C. Larry stacey from Stratford will be the host and Ivan and Vivian Hicks, a fiddle and piano playing team from New Brunswick, will be the special guest performers. They will also lead and special fiddle workshop Saturday morning (8 am until 9:30 am) contributing once again to the preservation and pro-motion of old-tyme fiddling. For individuals and fami-

lies interested in camping nearby, organizers will once again set up a "fiddler's Park" in the village of Douro (two km. east of the Centre) which opens at noon June 6

MPP Galt impressed with input from Sweeney Report focus

Cobourg--Dr. Doug Galt, MPP for Northumberland, has released results from number stakeholder focus groups and a public meeting held in Northumberland. The objective was to gather lo-cal input on the final report of the School Board Reduc tion Task Force, also known as the Sweeney Report.

The meeting and focus groups were held during late April and May in response to a request by John Snobelen, Minister for Education and Training.

"The Minister is very interested in the public's reaction to the recommen-dations contained in the Sweeney Report," said Dr. Galt. "I am grateful to the local participants for taking the time to give us their feedback."

The focus groups con-centrated on three key ar-eas in the Sweeney Report--school board amalgamations, trustee representation and remuneration, and education financing.

"I was impressed with he quality of suggestions we received through these discussions," said Dr. Galt. "There is certainly no lack of ideas out there for possible improvements to Ontario's educational system.

The results of the focus groups and public meeting have been forwarded to Snobelen for his consideration. Dr. Galt requested a meeting with the Minister to discuss the report and the recommendations received from Northumberland resi-

Strong Concensus

It became apparent very early in the focus group dis-cussions that there is a high level of public frustration with the present educational system in Ontario. This was reinforced in subsequent focus groups and during the final public meeting. This dissatisfaction centred around three recurring themes--taxation, govern-ance and accountability.

Within the context of the Sweeney Report, three ar-eas of general concern also were explored in detail. These included the proposal for local-school board amalgamation, the issue of trus-tee representation and re-

"It's apparent there's a high level of frustration with the present education system in Ontario."

muneration, and how the school system is financed

A comment heard at all four meetings was that the school board amalgamation should not proceed unless it can be demonstrated beforehand that significant cost-savings to the taxpayer will result. Increased efficiency was also a concern and many participants ques-tioned if, in fact, bigger is

really better.
Although many participants favoured amalgama-tion with the Peterborough school board as suggested in the Sweeney Report, a number pointed out that the goals of amalgamation could be achieved through simple legislative changes.

With the exception of the educators, many preferred an alliance with the Peterborough area as opposed to the present arrangement with Clarington. Geo-graphical reasons were cited along with the contention that Clarington trustees have a different, more urban focus than Northumberland trustees

Each focus group inde-

pendently identified an option not expressed in the Sweeney Report - a massive reduction or, indeed, com-

plete elimination of school boards in Ontario Many questioned the role of school boards, and severely criticized the lack of focal accountability to taxpayers. Each group, particularly participants in the final public meeting, wanted to see more power over the educational system in the hands of parents, principals

Many also questioned the need to pay school board trustees and suggested these positions be voluntary as in the hospital board or college and university govern-ance model.

The concept of parent councils (now being estab-lished) generated considerable discussion in each group. Although generally thought to be a good idea, concerns were raised about the chance that these coun-cils may be taken over by special interest groups.

is a fact of life. It's also a fact that, in our midst, there is an ever-increasing number of folks who are in the miserable clutches of the, Parkinson syndrome. This far outstrips the normal increase in population Our health system is already in disarray.

More Parkinsonians compound the problem. So it behooves us to pray better control of this scourge, It's also necessary that we put our feet, hands, energy and effort into re-search which will make better medication strategies possible

Our Peterboro chapter is doing just this. Over \$1,000 was raised from a "Cut-a-Thon" involving barbers and hairdressers donating fee time. Currently, a "Dream Home", 1,800 sq. ft., value \$200,000 is being

promoted as a fund-raiser.
To see the "Dream

Three thousand tickets were printed. Just 1,000 remain to be sold. On June 28th, the lucky ticket will be drawn, preceded by a free BBQ. Tickets cost \$100. These can be purchased at the "open house" or from trust companies or credit unions in Peterboro or Lakefield, or by phoning 1-800-565-3000 (Parkinson Bldg. in Toronto) where you can use MasterCardor Visa.

Tickets purchased this way are sent by courier to the accounting firm in Peterboro, which is the repository for all tickets, and where the weekly draw for \$500 and \$100 take place.

Purchase a ticket. Give yourself an opportunity to be lucky and help alleviate some one else's distress. By the way #98,000 tulip bulbs were sold last fall. They're blooming all over the place! Your caring helps so much!

Reminders

Just a reminder of the six major symptoms indicating Parkinson's. A resting tremor and/or difficulty in initiating movement, and/ or unstable posture and/or voice problems (soft indistinct monotone) and/or cramped illegible writing. These may be present in any combination or only one surface initially.

My husband's brother had a poor indistinct mono-

tone voice for more than 10 years before another symp-tom developed. Not every Parkinsonian has a tremor Some have no tremor at all. but display, very prominently, other symptoms. If you have reason to believe ou may be an early Parkinsonian, do seek out a neurologist, competent in dealing with the disease.

The 7th annual Parkinson night at the Dome is Wednesday, July 3rd. Blue Jays play Baltimore. Shawn Green and Elvis Stoiko will greet you at the special re-ception given Parkinsonians there, prior to the game. There'll be food too. All

this for \$49 per ticket.

Again, Trentways are donating a bus and a driver for free. Phone 1-705-743-5479 (Bill Rogers), Peterborough for a ticket. Hurry,

they go quickly!
Also, on September 29th, an awesome enterprise happens - an international super walk, beginning at 9:30

Yes, all over our planet, wherever there's a Parkinson's chapter (that's literally all over) folks will be walking as a fund-raiser for Parkinson's. How about that!!

It's reassuring to note that although many fundraising organizations are in trouble, the Parkinson Foundation of Canada is thriving better than ever,

due to you folks out there.
On behalf of all Parkinsonians, a heart felt thank you!

Someone has phoned in and requested a recipe for rhubarb pie made with one pie crust. She cut it out of the Courier last year but lost the recipe.

I hope this is the one:

Sour Cream Rhubarb

1-1/2 cups rhubarb. chopped

I unbaked 9" pie shell 1-1/2 cups brown sugar

tablespoon flour l cup sour cream

3 eggs, separated 6 tablespoons granu lated sugar Place rhubarb in unbaked

ie shell. Mix brown sugar and flour well. Blend in sour cream until smooth. well-beatenegg yolks; pour over rhubarb. Bake at 350 degrees for one hour. Beat whites until foamy Gradually add granulated sugar until egg whites form stiff straight peaks. Cool the baked pie for a few minutes then cover with meringue. Return to oven to brown.

Here's another: Rhubarb Custard Pie Filling

2 cups rhubarb 1 cup sugar 1 tablespoon flour or

3 eggs I tablespoon butter Cook rhubarb in top part of double boiler. Mix cornstarch or flour with sugar together. Add to rhu-barb; cook until creamy. barr, cook until creamy, Add butter, pour over beaten egg yolks. Returnt odouble boiler. Cook just enough to thicken egg yolks. Cool; pour into baked pie shell. Make meringue from

cornstarch

whites; put on top and bake until light brown in 350 degree oven. Let us know if this is the right one.

Chow, see you next week.

MPP Galt impressed with Sweeney input

was suggested that these councils be reviewed for focus and be provided with set criteria

One interesting recommendation that gained widespread approval was the idea of having a student trus-tee on the local school board. It was suggested that such a position should have some course credit value at-tached, such as a half credit towards a political course.

Financing Issue

By far the most contentious issue was the financ-ing of the educational system. A strong bias emerged in favour of the Sweeney Report's recommendation to pool commercial taxes to equalize per-pupil expen-ditures across the province.

Each group also expressed frustration with the complex nature of school board finances and the manner in which they are presented to the public. A strong recommendation came forward to establish a standard financial reporting method for school boards that is transparent to the tax-

A large majority of par-ticipants also agreed that funding and finance issues must be resolved before amalgamations are allowed to take place. Many cited the fact that, although the two local Boards of Education spend 70 per cent of the municipal taxes raised in Northumberland, there is far less accountability or communication with the taxpayer than is expected of municipal politicians who spend only 30 per cent of property taxes.
As evidenced by many

comments throughout th discussions, frustration with the education system is en-

Celebrated pianist to perform in Campbellford

The acquisition of internationally-known pianist John Arpin'for an appearance in Campbellford on June 15th ranks as an admirable coup for the Campbellford Memorial Hospital Auxiliary.

Hospital Auxiliary.
The concert, a fundraiser for the Auxiliary and will be held at St. John's United Church, gets under way at 8 p.m. A reception will follow, giving concert goers a chance to meet the artist.

. There is a great deal of excitement in anticipation

of a wonderful evening of music for 'Arpin is a very skilled and entertaining musician. As a concert artist, he presents the whole range of popular music from the 1890s to the present ragime, traditional, jazz, novelty piano, stride piano, film and stage songs, and old standards.

This, combined with the classics, allows his music to appeal to audiences of varying tastes. In addition, his performances are dotted with some wonderful historical anecdotes and

comments about the music and its creators.

Arpin has entertained many audiences in Canada, the United States, Europe and the Orient, and now residents of Campbellford and surrounding communities have a rare opportunity to experience his musical feast.

His recordings appear on many labels and his current affiliation with Pro Arte/Fanfare has thus far accounted for 25 albums many of which will be on sale after the concert.

Arpin is no stranger to fund-raising and has contributed his talents to many hospitals and charitable foundations including St. Michael's Hospital. Wimen's College Hospital and his_per_charity, the Al/heimer Society.

For the Auxiliary, this will be the first time it has taken on the challenge of sponsoring a concert of this magnitude and a great deal of work has already gone into the project.

Knowing Your Golf Clubs! By Garry Alex Professional clubmaker

It is not a fallacy that increased club length will usually result in greater distance. However, there is one very important, often over-looked criterion--the ball must be hit on the centre of the clubface.

The longer the club, the harder it is to hit the ball on the centre of the clubface. And the distance lost from off-centre hits is quite significant

An average golfer who

Get over 500 litres of

curs because the player now hits the ball on or near the

centre of the clubface more

often than he could with often misses the centre of the clubface will usually get harder-to-hit longer clubs. For each half-inch you greater distance by playing with shorter clubs. This hit a ball from the centre of seeming phenomenon oc-

the clubface your distance will decrease by five per cent on a five iron and seven per cent on a driver. So a would-be 220-yard drive hit one inch off centre toward the toe of the clubbead will probably turn out to be a 189-yard drive and require at least three clubs longer to hit the ball on the green.

Longer clubs are harder to hit because maximum energy can only be trans-ferred from the clubhead to the ball if the ball is struck on the clubhead's centre of gravity in the heel-to-toe direction. Any off-centre hit causes the clubhead to twist and impart less lenergy to the ball; hence, distance loss, an unstable feeling and usually poorer directional control

Let's assume we have two drivers. One is 24 inches long and the other is 72 inches long. If we took both drivers out on the practice tee and hit them, what would happen? First of all, we would need a very long tee to hit the 24-inch long club but it should be very easy to hit the ball consistently in the centre of the clubface.

The fall should fly relatively straight and every hit should land in the fairway. The distance hit, however, will be quite short because of the significantly reduced clubhead speed of the shorter length club.

Now let's give the 72-inch driver a try. The club is definitely long-drive contest material, and having an extremely high golfing skill level coupled with significant athletic ability is required to simply hit the ball in the centre of the clubface.

Adequate directional control is virtually non-existent for three main reasons: first, the longer club; second, missing the centre of the face often and having very little control over clubhead path and face an-gle; third, the shaft is quite flexible and whippy at this

long length. Hitting the ball solid with any consistency would be a problem. However, when everything does come to-gether with perfect rhythm and timing, the resultant hit can go an astonishingly long distance.

Experiment with different club lengths, and the important of control becomes apparent. We all love to hit a long ball but remem-ber, the woods are full of long hitters.

CHSS NEWS

by April Hayes, Deanna Cooney, Kristina Skocic & Bruce Meiklejohn

Banquets and awards bring year to a close

CHIC held its annual Gamerama to an enthusiastic, expectant androaring crowd of staff and students on May 29. "That's Entertainment" was the theme, and in keeping with this, everyone enjoyed themselves — especially at the water games.

Congratulations to the CHSS Skidoo Club who placed at the top. At this time, we would like to commend and thank those who organized this very successful aftermoon. Your hard work and dedication has not gone unnoticed. Keep up the excellent work!

On May 14, six business

On May 14, six business students participated in the Business contests for Hastings and Prince Edward Counties. The contests were held at Loyalist College. Congratulations go to Laurie Broekarel for her 3rd place win in production keyboarding and traditional keyboarding. Awards will be presented in early June at the Board Office.

In other business news, a fundraising yard sale was held May 31 at CHSS. All the proceeds from this sale will be used to upgrade computers and equipment for the grade 9 program. On June 13 at 9:00 a.m.

On June 13 at 9:00 a.m. the Co-Op Education class will host an Employer Appreciation Day in the cafteria. This last day of school for the students will begin with recognition of employers' contributions to the program, and will include the presentation of plaques and certificates. Honoured guests will include Board Trustees, Mrs Mound: Co-Op coordinator for the Board of Education, and our Principal, Ms. Hay

Hay.
This month, our school's grade 11, 12 and OAC art classes are participating in the Art Show at the Belleville Public Library. Both three-dimensional and two-dimensional work will be no discipled.

be on display.

Note: Mr. Buchanan wolk will be on display.

Note: Mr. Buchanan would like to publicize the upcoming Parents' Meeting on June 5 at 7 p.m. at CHSS. At this meeting, the school council to begin in the fall, will be discussed concerning parent, community, teacher, and student representatives. This council will have the power to make decisions on sports, discipline, events, etc.

discipline, events, etc.
Elections will take place
that evening to fill seven
parent positions on the committee equating to at least
50 per cent of all positions
available. Everyone is wel-

come.
Interested in receiving math tutoring this summer? Please contact the Guidance Office for more information.

The CHSS Athletic Awards Banquet will take place this Thursday, with guest speaker Tanya Clarke, former member of the 1992 Winter Olympic Ski team. The succulent barbecue dinner will include steak, baked potatoes, salad, and a dazzling array of desserts for only 55. The CHSS Athletic Slide Show and the Sports lottery draw will also

highlight the evening.
On May 30, the CHSS
Track and Field team competed at the Regionals tournament in Ottawa. Congratulations to the team who had a great day, with four people qualifying for OFSAA. Michelle Coens came in third in high jump

and4th in long jump. Wayne Sexton came 2nd in the 100-metre. Justin McArthur finished 3rd in the long jump and Justin Spencer came 3rd in the shotput. Overall, we had eight personal best performances. Well done, and good luck at OFSAA.

Lastly, examinations begin on June 13 for OAC students -- the last day of school for grades 9-12; examinations for grades 9-12 begin June 14. Good luck!

County requests 1996 values for 1998 tax year

by Jeff Wilson

Hastings County Council has requested the Minis-ter of Finance re-assess the market values to 1996 for the 1998 taxation year.

The request was passed in a resolution that was passed during a county council meeting on May 30.

The resolution states Whereas the Minister Finance has approved the implementation of fair market value assessment in the County of Hastings for the 1996 taxation year, based on 1992 values, and whereas the Finance Committee believes that fair market value assessment should be based on values that are as up-to-date as possible; now therefore be it resolved that the County of Hastings urge the Re-gional Assessment Office

to re-assess on 1996 values for the 1998 taxation year with copies of the special resolution to be sent to the Minister of Finance and the Minister of Municipal Af-

The resolution was passed after the Moira Trent Watershed Action Committee and numerous property owners in the county com-plained that the 1992 market values currently being used were higher than the present market levels.

Regional Assessment Commissioner Ernie Thain said the decision to reassess would be up to the Minister. He added that Hastings County is currently on a four year cycle, which would meanthe 1992 values would remain until the year 2000, when the values be changed

Re: City of Timmins Flood Disaster Fund

As you are aware from current media reports, the City of Timmins is experiencing its worst flood in nearly 40

Flood waters on the Mattagami River, which flows through the centre of Timmins, are more than three times above normal levels

Homes have been evacuated, but fortunately to date there have been no serious injuries. However, damages are expected to be in the millions of dollars.

Timmins Council has, by resolution, requested the Minister of Municipal Affairs and Housing recommend to Cabinet the flooded area be declared a disaster area.

Council has also pledged an initial contribution of \$100,000 to provide financial assistance to alleviate flood damage suffered by private home owners, farming and small business enterprises.

Please consider this personal letter as an urgent plea for financial assistance from your Municipality. Every dollar received will be at least matched by provincial funding and these monies will go a long way to alleviating hard-ships suffered by our citizens, whose essential property has been damaged by the Mattagami River flood.

On behalf of Council and our flood victims, we thank you for your consideration

Senior Simone, located in Hastings County has been writing to her friend Bunny Gracefully, she has agreed that we might print some of her letters. Two items are of main interest in Simone's letters. They are the adven-tures of the tour group. This group is visiting the North and they have just finished a visit of the Beaufort Sea. The second item is the mat ter of James "Topper" Smith and Mazy Rysack, the club social convenor. Simone writes as follows on these matters

Dear Bunny,

Reports from the touring group indicate that they managed to leave the Beaufort Sea area and have returned to Dawson City. They did not linger there as Diamond Lil is long there. So they decided to go to Alaska and they decided to travel by the road which is known as the Top of the World. Bunny, it goes over the high mountain range which straddles Canada and the Yukon. Louise describes

it this way in her letter Simone, it was awful We thought it would be easy! It wasn't. We climbed and climbed and then some. We were on a mountain road. Oh, if I had known, I would have stayed in Dawson. But there we were. I closed my eyes. My imagination was galloping wildly. The gravel road was TOO narrow. The edge of the road was TOO near the drop off.
Finally the bus came to a

stop. Opening my eyes I found that we had entered a kind of valley in the sky. There were buildings, Outside our bus there stood a manina uniform. Our driver was speaking to him. Be-fore I knew it, I found myself marching up the aisle of the bus. Poking my head out the door, I looked at the uniformed man. "Say mis-ter," I said, "Where are we?" He told me that he was a customs officer and that we were about to enter the USA. I looked around again. All I could see were mountains around me. "The

USA where?" I asked. He told me, oh everywhere ahead

1-then looked at the mountains. One stood out in particular, I asked him its name. He said, oh it was just a mountain, he didn't know of any special name so many of There were them. Our driver shut the door, he started the bus forward and we lurched along. Again the road was narrow. the rocks on the road were slippery and the edges so close. Finally after an hour or two we came to a place called Chicken. Yup, it had a name on it. There were 56 people living there then. But, it was the first settlement we came across in the USA. Exciting eh?"

There you go Fanny, the trip of the seniors goes on. But here, back at the Seniors' Club, our little romance still goes on. You remember I told you about Topper and Mazy. They finally got the play rehearsed enough to show it. They went out and put it on at schools, seniors homes and Lions Clubs. Can you imagine! At every performance there was Topper up there saying, that his

Council approves refreshment vehicle insurance change

by Jeff Wilson

After reviewing the issue of insurance coverage for refreshment vehicle, village council agreed to remove the clause stating it as the co-insured.

Larry Kyte who owns and operates a refreshment vehicle attended a council meeting in April, asking council to remove co-insured clause in his policy. The clause was costing him an additional \$250 he complained.

At the last meeting council asked the clerk to investigate the co-insured requirement in the bylaw.

In a report to council, Clerk-Treasurer-Administrator Doug Parks stated that a draft bylaw which was created by the village so-licitor did not contain the clause, but it was added at the request of council.

Reeve Tom Deline stated the section of the bylaw was not required. At the next council meeting the refresh-ment vehicle bylaw will be amended to remove the clause that states the insurance policy shall state the municipality as a co-insured.

The next meeting of the Madoc Garden Club will take place on Wednesday, June 19 at 7:30 p.m. If it is not raining, the group will meet at the site of the Her-itage Garden so bring a chair or blanket to sit on. If the weather is bad, the meeting will be held at the Madoc Public Library. Participa-tion in the Fall Fair and our own annual Garden Tour (tentatively set for July 14) will be just two of the many topics to be discussed. If you would like to help out at the Madoc Heritage Garden this week, please call 473-0611.

Come out and join us, and remember, the Madoc Garden Club is always looking for fresh ideas and constructive suggestions.

Asthma Olympics bring feelings of achievement

Fourth annual event June 22 at Trent University

Peterborough - Olympic-spirited youngsters and their families will take over Trent University June 22 for the area's fourth annual Asthma Olympics.

The event is being or ganized by The Lung Asso-ciation's Kawartha Pine Ridge Region office.

Children aged five to 12 and their families will have a chance to try their luck at events that range from balloon tossing to musical bula

hoops. The day wraps up with a free swim in the university pool

Lunch will also be provided and all participants receive an Asthma Olym-pic medal.

"The purpose of the Asthma Olympics," says Laurie Sage of The Lung Association, "is to promote a feeling of achievement for the asthmatic child by allowing them to participate in various track and field events as well as aquatic sports.

"The diagnosis of asthma has increased over the past several years and although it cannot be cured, asthma

can be controlled," Mrs. Sage says.
"One of the goals of the

Asthma Olympics is to teach both children and their par-ents that asthma does not have to restrict their lives. she added

Popular Lions recreation camp is back this summer

Plenty of activities lined up for local

youngsters

By Bill Freeman

Norwood - The muchenjoyed Norwood Lions summer recreation program, affectionately known as the Sports Camp, will return to the village again this year. The six-week (July 8 to

Aug. 16) will be supervised this summer by Norwood High School graduate and McMaster University stu-dent Rhonda Steenburgh. Rhonda will be assisted by two high school-aged ath-letic leaders who will help

coach skills, organize events and over see games. Rhonda says she is ac-cepting resumes right now for the two assistants positions and is encouraging high school students to apply for the openings. She would like to have the spots filled by the last week in

The camp is open to boys and girls seven to 13 years and ghis seven to 13 years will be need monday, June of age and will feature a 24 (6) pm until 9 pm) at the range of activities, games and sports. There will also on Wednesday, June 26 (9 be special "fun days" and am until noon) at Norwood the traditional movie afternoon on Fridays.

The program includes three, two-week sessions with the first and third weeks at Norwood District High School High. The second week will be held at St. Paul's School.

Youngstersenroled at the sports camp will keep active playing all sorts of games like mini-golf, campare asked to bring their scooler board racing, water own lunch, sunscreeen, a halloon fields related to the sports of the spo balloon fights, relays, ob-stacle courses, volleyball, baseball and soccer. There will also be qui-

eter games added to the program's long list of activi-ties.

"I think it is going to be a lot of fun," Rhonda says. Funding to bring the pro-gram back to Norwood for the fourth straight year comes in the form of a fed-

The cost for this year's program is \$6 per day while a full two-week session will cost \$50 per child. Rhonda says there will be a family rate in place as well -- you can ask her about this during

own lunch, sunscreeen, a hat and a baseball glove if they have one. They must also make arrangements for their

own transportation.
Rhonds will be visiting local elementary schools in Norwood, Havelock and Hastings with more information on the program and will have flyers posted soon in various locations around

the community.

Proud Parent

June 15th, 1996, will not just be a graduation at "York University", it will be 30 years of determination and hard work for our daughter to get her Bachelor of So-cial Work degree (B.S.W.).

It all started back in 1966 when our daughter was only four years old. She started school at "Sunnyview" because of her disabilities (blind and in a wheelchair). but we were soon to discover that this school was not for her, She needed "braille" to do her studies. Since Toronto did not have a school for the blind, it was necessary for her to go to Blind (O.S.B.) in Brantford. The O.S.B. was 65 miles away and she had to live in residence all week.

The next four years proved to be a difficult time for our family, because there was no choice. The chil-dren got on the bus Sunday night and we did not see them till the following Fri-

day.
When our daughter became proficient in braille, it was time for another school in Toronto. The issue and the difficulty was finding a school that could accom-modate a student who was blind as well as in a wheelchair

Finally, we found the right school and she was on her way. There was four more schools involved before she received her high school diploma from Don Mills Collegiate. Through-out our daughter's life were hospital stays which in-cluded surgery, fractures, as well as other setbacks, but she persevered no matter what

She received her B.A.

from York University in 1990, but she had her heart set on a B.S.W. so she went on. And also went on to live on her own, living in her apartment with homemaker services, but cooking all her own meals, and handling personal needs as well.

On Saturday, June 15, 1996, we the parents of this remarkable child will stand proudly with her as she receives her Bachelor of Social Work degree.

Barbara's notes: The above was submitted by Proud Parents and here is a letter that I have received from them

Dear Barbara:

We are retired people, but we lived in Toronto most our lives.

We read your column 'More Abled Than Disabled". You seem to be very sensitive to the needs of handicapped people.

Our daughter is disabled and certainly "Very Able" as you can read in the following pages which I have enclosed.

Competitive Trail riding

O.C.T.R.A. (Ontario Competitive Trail Riding Association) is a group com posed of people who enjoy horses, camping, good food, a friendly and helpful atmosphere, as well as excit-

ing groomed trails.

Considering the amount of time and dedication in-

regardless of the weather conditions — which means you could be riding under beautiful sunshine, or you may have to swim your way

volved in this sport, you must be from the "hardy" breed. You can't always wait around for nice weather. These rides go on

Call (613) 472-0802 20 Bursthall Street, Marmora, Ontario back to the finish line in some of the rain storms we've had. You take what you get, and remind your-self that you are having a good time

Actually, there have been many times where I have been 15 miles out on the trail and wondered not only what I was doing out there, but also why I paid to

But then the awards are handed out after an incredible dinner (which some-one else made), and it all seems more than worth it. Making the top ten is a feeling I would never be able to

describe.
The object of this sport is go from the start line to the finish line, without stressing your horse in any way, in a predetermined amount of time which depends greatly upon the trail and weather conditions.

An example from a recent ride was 4.5 hours for 27.4 miles. In addition to completing the mileage in completing the mileage in that time, you must also in-clude your drinking stops (don't forget your horse needs as much water as he will consume), halfway check and lunch.

On average, a ride usu-ally follows a speed of six to eight miles per hour, which is a steady, fast-paced trot (remember to post at all times to make sure you are not bouncing on your horse's back). The overall condition of your horse is confirmed by counting his heartbeats and number of breaths taken per minute. The results are then transferred to your score card

Your score card also records other factors about your horse and your ride. It has a place for lameness, tack sores, hydration level, gut sounds and much more. If your horse is tired, he may become clumsy and interfere with his back hocks. So there are several factors that determine how you place in these rides. A horse who is enjoying the ride and is in proper condi-tion will usually, come through pretty clean, and your score card would re-flect that.

You will never get rich from this sport, and only a fellow rider will know the level of achievement you have reached when you place top 10. But believe me, it is worth every agonizing, painful minute when they call your name!

Unlike the showring, this is a competition between you, your horse and your last score card. You do not have to spend endless hours making sure the white is white, nor do you have to change their appearance in

any way. It doesn't matter what colour he is nor does it matter that he took the wrong lead after four weeks of perfection at home. It is fun, challenging and a true learning experience.

The next local ride is in

Marmora, Aug. 3-4. If you are interested in giving it a shot, now is the time to start your conditioning. Remem-ber, if your horse does not sweat, it does not necessárily mean he is in good shape may just mean that he isn't expelling the trapped heat and may in fact be more worn out than a horse who does sweat.

If you are interested in more information regard-ing O.C.T.R.A. or the upcoming rides, give me a call at 613-472-5643, and I will do my best to get you started. If you enjoy being with your horse and want to open doors to a new way of riding and thinking, do not miss this ride. There is a novice group, so you don't have to feel as if you are

Jumping into the deep end. So, gather up all of your self-motivation, your raincoat if necessary, enthusi-asm, and hit the trail. You may want to ride between 8 to 10 miles every other day to start. Take it easy at first and gradually build up your

Don't forget to give your horse some special atten-tion on his day off, since you are building a "team" relationship as well as muscles in places you didn't realize you had them. Maybe lead him down the road, stopping to graze now and then, while talking qui etly to him about your day. When you come out to a ride, you will quickly see that it is the teamwork between horse and owner that makes for a wonderful ride

How MP voted irrelevant to reader

The 170 urge for a "free secret vote" letters, addressed to a ll liberal members of the House of Commons on April 19, 1996, have been received and distributed to the MP's by the Hon. Christine Stewart, MP of Northumberland, And I'd like to thank her very much for her assistance to get the message across.

I received a seven page summary of Mrs. Stewart reasoning in voting for Bill C-33. She hopes it will address and clarify many points raised in this debate.

The message sent trig-

gered two more responses.

1. The Hon. Sergio Marchi's office assured: "The correspondence has been brought to the minis-

ter's attention."
2. Peter Milliken, MP of Kingston and the Islands: "Votes in the House of Commons are not conducted in secret. I think that members of the public have the right to know how their members of parliament are voting and accordingly. Your suggestion for secret voting on these issues is not really acceptable."

I venture to ask: "Wouldn't it be better to take the pressure off the MP's and have a secret vote?" (Elections in gen-eral are secret in order to relieve the elector from any possible fear or interference. The county council of Northumberland decided after lots of opposition to elect the warden in a secret vote to eliminate being obliged to support you for voting me into office.

After a lot of argumentation, the liberal caucus must have been struck by a bolt of wisdom. We have had two "free votes"; one after the other to fulfil the election promises. Why the resistance in the first place? But the boss is watching! He will not forgive the rebels when it comes to committee appointments. I admire the MP's who stoodup representing their constituency against the party line. Unfortunately, some say democracy is not the wish of the majority.

It is irrelevant whether or not I know how my MP voted. It will be the performance of the party as a whole that will direct my vote in the next election.

Zebra Mussels could cause poor water flow

Zebra Mussels are in Pealow's Reach; part of the Trent system between Lock's 13 and 14.

If you have a water system pumping from the river and are experiencing poor water flow, check your foot valve for clusters of Zebra Mussels. Detach the mussels and destroy them. Clean your foot valve with Javex and a wire brush at least twice a year afterward, pref-erably June and August.

Pealow's Reach was domiciled back in 1943 by Morely Dunk; 1948 by Garney Lloyd and 1945 by Walter Scott and his lock assistance personnel. Melvin and Louisea Pealow are now living directly opposite Pealow's Island (the first island north of Lock 14 in Crowe Bay). Their families are living in Seymour Township to this day, 1942-

Nominations open for Maple View's community appreciation award

Sixth annual event will be held June 22

Norwood - It is time once again for Maple View Retirement Centre to select a winner for its celebrated Community Appreciation Award and to welcome area residents to a special afternoon of activities.

The award, in its sixth year, acknowledges those persons, organizations or businesses who assist seniors in our community and make significant contribu-tions to the well-being of the area's older residents.

This award is in recognition of efforts of seniors anywhere in the commu-nity, not just on behalf of the residents of Maple View," Maple View administrator Karen Brunton says

The award has evolved "as a result of the realization by staff and residents that there were people in the community that are doing very special work on behalf of seniors and they wanted to recognize their efforts," Mrs. Brunton explained.

"As a result, the award was initiated and a committee to review potential recipients was employed.'

The committee, made up of Maple View staff and residents, review nominations and make the selec-

recipients is really quite diverse," she says

"The nominee might be someone who has spear-headed a major project for services for seniors," Mrs. Brunton noted. "It could be someone who take time to visit a few people regularly providing some extra spe-cial time and help on a very informal basis.

Or,"she notes, "it could be for that person in the store that always makes someone feel at home and welcome and who goes well beyond the normal practices to accommodate the special needs of senior customers."

There are many "unsung heroes and helpers" in the community, Mrs. Brunton says, and these are the people the award was designed to recognize.

"This award is in recognition of efforts of seniors anywhere in the community."

Karen Brunton Maple View administrator

The deadline for nominations is June 17 and can be dropped off at Maple View or mailed to the Centre at 90 Victoria St., Norwood, K0L 2V0.

The presentation of the award will take place during the Centre's enjoyable Community Appreciation festivities on June 22.

More to Centre than recycled clothing

by Marvin Tucker

When you put out your unwanted clothing beside your bluebox, you are help-ing a registered Ontario charity based in Belleville; you are also contributing to decreased landfill in our area. Revenue generated from textiles keeps a very important training program in our community financially afloat.

Tri-County Environmental Training Centre (Quinte) was formed over four years ago to help peo ple in the community who require necessary skills to enter or rejoin the labour market.

The mandate for this Centre is based around-reuse and recycling. By do-nating your used wearable clothing, you are contributing to a program that offers

During May, 1996, this area placed over 41,000 pounds of reused clothing out with their Bluebox. This clothing is picked up at Quinte Recycling in Trenton by Tri-County ETC and brought to the Centre at 23-25 Wallbridge Crescent, Belleville.

After arriving, clothing is sorted by the trainees into many different categories -- in fact, too many to in-clude in this article.

The better quality and more up-to-date fashionable clothing is put into their 3,000 sq. foot retail store, "The Try-It-Again-Shoppe", and sold to the public. The shop is open six days a week.

This store offers a wonderful training opportunity to clients. Responsibilities include customer relations, stocking shelves, cash register experience and quality control

The balance of reused clothing is sorted into tex-tiles that would be suitable for wiper rags, such as sheeting. These rags are sold to various local busi-

Lesser quality wearable items are baled and sent to third world countries: winter coats and heavy sweatare given to Em Relief and Development Overseas, and eventually sent to the needy in such countries as Bosnia.

Textiles that don't fall into any of the above categories are baled and eventually used as batting and stuffing in countries such as Mexico.

Tri-County Environ-mental Training Centre also trains unemployed people in the community in their woodworking shop. Cedar industrial composters are manufactured for the 13 area municipalities.

Fri-County ETC has no outside funding, and they continue to struggle financially. Donations or reused clothing are appreciated, whether brought directly to the Centre or placed at the

While they appreciate all donations, those brought to the Centre arrive in much better condition than they do at curbside, However they are thankful for both and caution the public to tie a piece of material or an old sock around the bags of clothing they put beside their bluebox on collection

CHSS NEWS

by April Haves, Deanna Cooney, Kristina Skocic & Bruce Meiklejohn

The Co-op education class will hold its "Employer Appreciation" on June 13 at 9 a.m. This will take place in the cafeteria at CHSS. The assembly be-gins with recognition of the employers' contributions to the Co-op program. The school and the Co-op class will credit their involvement with plaques and cer-tificates. Honoured guests include: Board Trustees; Mrs. Mound, the Co-op coordinator for the Board of Education; and CHSS Principal, Ms Hay.

Yes, it's that time of year again! Exams are on everyone's mind. They begin on June 13 for OAC students, and on June 14 for students in grades 9-12. It must be noted that June 13 is a regular school day for students who are not in OAC classes.

A reunion dance for former CHSS football players will be held on June 14 at the Madoc Township Recreation Centre. The dance will run from 8:00 p.m. until 1:00 a.m. The proceeds go to the CHSS football program. For ticket information, please contact Mr. Cooke at 473-4251 or 966-9542

Bruce Meiklejohn, Deanna Cooney and Krstina Skocic, would like to thank all the loyal readers, Mr. Pesowsky, staff and fellow students at CHSS for their assistance in writing the CHSS News column for the past few years. This is the final column for Bruce and Krstina, who will be attending university next year; they've had fun bringing the news of CHSS to joyed reading this column. Next year the CHSS News reporters will be Deanna Cooney and April Hayes. Thanks and See Ya!

There were also co-winners of the CHSS Senior Female Athlete of the Year. The cowinners were Niki Rowland (second from left) and Melanie Stoffers (second from right). The presenters were: Gymnastics Coach Rick Moulton (left) and Basketball Coach Dave

Women's March Against Poverty travels through Centre Hastings

The Women's March Against Poverty travelled through Centre Hastings last Tuesday. The march spon-sored by the Canadian La-bour Congress and the National Action Committee on the Status of Women, be-gan the day in Trenton and through travelled Frankford, Stirling, stopped in Madoc, on its way to

Bancroft. The march, made up of three caravans travelling from the north, east and west across Canada, began in mid-May and culminated with a meeting in Ottawa on June 15. Organizers say about 50,000 participated in the march.

The march stopped at the Kiwanis picnic area, south of Madoc, last Tuesday af-ternoon. The women from the area broke bread with the women from the caravan, who were from Nova Scotia and New Brunswick.

The march was entitled Women's March Against Poverty: For Jobs and Justice For Bread and Roses

Under the title Roses, the organizers said they recognize nize that aboriginal peoples and people of Quebec have distinct needs but reject the

suggestions that respecting the unique needs of these communities requires offloading federal responsibil-ity for social programs in the rest of Canada. Their vision of Canada is a multicultural, multiracial society without discrimination based on sex, race, national origin, disability or sexual orientation.

In the area of Jobs, the organizers were calling for jobs with a future for women, as well as asking for the minimum wage to be raised immediately to \$7.85 per hour. The march was also calling for access by aboriginal women to federal employment and train-

ing resources.
Under the category of Bread, the demands were for the formation of a Canada Social Security Act. promised national child care program, guaranteed, portable and secure support pro-grams for people with disabilities, strengthening of the public pension system and maintaining women's independent access to old age benefits, the enforcement of the Canada Health Act, post secondary educa-tion access to women through grants not loans surplus in the U.I. fund to be used to restore benefit levels and the creation of 14,000 units of social housing a year

As for Justice, the march called for \$50 million for feminist services against male violence, the end of the sexist, racist and anti-poor \$975 head tax, the inclusion of sexual orienta-tion as prohibited grounds for discrimination in the Canadian Human Rights Act, the elimination of

women's poverfy as a for-eign policy objective.

The organising commit-tee for the Centre Hastings event for the Women's March Against Poverty would like to thank all those groups and individuals in the community who con-tabuted to the Tuesday afternoon in the park. Special thanks go out to the congrechurch in Frankford, the St. John's Stirling Anglican Church Women, Shelby Lawrence, and the women of the Stirling Sunday morning group for their strong financial support. Also, to Pat Svoboda for

the Canadian Union of Public Employees have set a strike date of June 27.

Prior to the strike date. County Council and the union have a meeting set with a mediator for June 25.

The union represents about 80 workers in various county services including welfare support staff, child care, clerical and administrative staff.

Eileen James, president of the local and strike committee chairman Dave Harvey have accused the county of a "take it or leave it" stand in seeking "major concessions". This stand.

according to a press release, "is forcing the parties into a lock-out or strike situation".

The union claims the county would like to reduce existing sick leave, as well as health benefits.

The county is also ignoring cost-saving alternatives put forward by the union in previous talks, the union

Madoc man killed in head-on collision

A Madoc Village man was killed in a head-on collision that occurred on Sunday, June 16.
According to Lindsay OPP, Bob Geden, 29; of Madoc,

who was travelling eastbound on Highway 7 on his 1983 Honda GL6 motorcycle was struck by a 1985 Pontiaco PBR driven by Wylie Barry. 76 of Manilla, Ontario. Policesay Barry hadpulled out to pass stopped westbound traffic and collided head-on with Geden's motorcycle.

Geden was pronounced dead at Ross Memorial Hos-pital. Clara Barry, passenger in the car was transported to Ross Memorial Hospital suffering from minor inju-ries, she was later released.

The accident occurred at approximately 11:40 a.m. on Highway 7, east of Manilla, in Mariposa Township. Wylie Barry was charged with improper passing.

Hastings home & leisure show bigger than ever this year

Fourth annual event still has booth openings but they're going fast

By Bill Freeman

Hastings - The Hastings Chamber of Commerce's Home and Leisure Show is four-years-old this year and organizers are expecting this summer's event to be bigger and better than ever

And that's saying a lot because this end-of-August tradition has blossomed into

1-800-222-tips...

Organizers are not afraid to admit that they have learned from past mistakes. In fact, that is one of the keys to engineering a suc-

cessful show, they say.
You have to know what
works and know why things

did not. Last year's disappointing midway has made us look for something new, says one of the show's key

organizers Malcomson. They have signed a con-tract with "Airbounce Amusements" to bring nine rides -- all of them are air

rides that include names like Gladiator, Bungie Run, Castle, Everest Challenge

in eight different countries. Since the implementa-

tion of Crime Stoppers in Calgary, Alberta in 1982, offices have opened in 97

Petting Zoo featuring, among other things, llamas, goats, pigs, calves, ponies and pheasants. The Hastings Legion will once again host a Saturday

evening street dance right in front of Branch 106. Things will get underway

at 9 pm.
Inside the arena, things will be different this year. Mrs. Malcomson says.

"The inside entrance is going to be spruced up this year to give a different look," she says.

"We have expanded to 64 inside booths and they

are going fast."
As of last Thursday there

Mrs. Malcomson says 54 inside booths are already spokèn for.

The inside booths are ten ft. by ten ft. with royal blue curtains and are available for \$150.

They also plan to have around 25 outside booths. There are also still openings at \$30 for the ten by ten

"Things are going as planned. They are really falling into place," Mrs. Malcomson said last week after the Committee's most recent meeting

There will be a lot of new and different booths, she noted. She also said there is a

great deal oflocal interest. "Local clubs and organi-

zations have really taken an interest and that is great." The opening ceremonies kick off with an appropriate appearance by popular Town Crier Tom Kerr, lo-cal dignitaries and Emily Frise, who will sing O' Canada accompanied by

Mrs. Norm Green. Entertainment on stage Friday night during the show will be provided by Debbie Drummond.

On Saturday morning, St. George's Anglican Church in Hastings will be hosting a pancake break-fast and at 1 pm the second annual rubber duck race will be launched from the Trent River bridge with the proceeds will go towards the

Cyclospora infection causes watery diarrhoea, fatigue,

At the least, I recommend that you wash US-grown strawberries very carefully before you eat them," advised Dr. Richard Schabas, Ontario's chief medical officer of health, adding, "this may not guarantee the berries are parasite-free, but it should lessen the risk.

"I recommend people with weakened immune sys-tems, such as those on chemotherapy or with HIV, not eat US strawberries until further notice.

American and Canadian public health officials are busy tracking the exact source of the infections.

This number can be used anywhere in Canada, and will automatically direct tipster calls to the closest Crime Stoppers location.

Sgt. Wayne Doyle, Co-ordinator of Crime Stoppers Quinte, advises the new number is now on line at his office. The 222-TIPS number replaces the other toll-free number, which will be phased out during the next six months. The local number, 969-TIPS (8477), will remain intact.

This common number has the potential, in a very major way, of reducing crime because it has become easier for tipsters to report who is committing a crime. Little did Canadian-born

"More Abled Than Disabled" Club's Members

A workshop has held at Loyalist College June 3 which involved a great number of members from Campbellford's More Abled Than Disabled Club. Aureen Richardson spearheaded the workshop but all present from the club played a big part in the

We think all the "lovely young ladies" are going to remember John Fry's wonderful great infectious laugh, humour, and his blurbs on fund-raising. Please in-form us John if you have another Poker Run because it sounds like fun.

Kay Frederick informed us about the car phone and how it works, offering insight to another member who didn't have knowledge about this. Kay's husband and care giver Don gave us insight on the responsibili-ties and stresses of a care

Barbara Sullivan andher husband enlightened the evening with a lot of humour when Barbara told us about her life in a wheelchair and how people do not realize or take for granted about life and what life has to offer. Barbara admitted all she sees during a period of a day is "rears and fronts". This sure gave us all good visual aid.

We take our hats off to ladies: Barbara two Vanvolkenburg and Marie Rivard, who were referred to as the quiet ones. They are both invaluable to the club because of their quiet supporting manner and how they clean-up and care for all the members.

Jan Scheidt, for sharing information on how every one worked hard to make the library accessible; and Aureen Richardson, who did a great job leading the workshop.

We missed Barbara Pealow, but would like to thank her for allowing us to use her column. We hope to meet her in the near future. Last of all, Doreen

Sharpe, who was unable to be with us, but we know you were there in spirit. Your name was mentioned throughout the evening and how much your leadership is appreciated; how your supporting wisdom helps all members and others.

In closing, we hope that all of you enjoyed the evening as much as we did. In speaking with participants after they too were very much enlightened, we are hoping to enlighten the community for the need of visitation and care in which all people need, especially

people with disabilities.

Thank you everyone for very enjoyable evening!

Margaret Kelly and Debbie Saucier.

Barbara's Notes: Thank you Margaret Kelly and Debbie Saucier for the above write-up. You two are doing a great job. Keep up the good work.

To sponge or not to sponge?

With the hot weather finally upon us, it occurred to me that you might find this little tidbit of information. regarding sponging or hos-

ing your horse, helpful.

Looking after our horses body is, in many ways, very similar to the way we would look after our own

For example: Have you ever gone for a long, hard ride and come back with an extremely hot and sweaty horse? Did you ever pour

cold water on him, either with a pail or garden hose, ensuring you reached un-der his belly and along his

I did, at one time. And then I joined the world of OCTRA. They pointed out that, although my intentions were good. I was actually putting my horse through

unnecessary discomfort.

Let's look at this from another perspective. After an afternoon of gardening.

Get over 500 litres of

premium-blend Sunoco Ultra 94

exercise or any other form of activity (that stretches your muscles to the point where they are uncomfort-able and sore), do you soak in a bath of hot or cold wa-

We tend to use warm/hot water, since it relaxes stiff muscles and usually makes us feel a bit better. Cold water, on the other hand. may cause a stretched mus to contract very quickly. and create an immediate painful effect.

It is this movement within our bodies that causes the unfamiliar stress Therefore, if we use the same theory of logic on our horse, we could probably determine that cold water on large muscles is very painful

However, you can still field your faithful friend immensely by thinking things out. I try to think like this: What would I want someone to do for me right

The fastest way to cool a horse is by cooling the ma-ior arteries and not muscles. Therefore, sponging or hosing your horse's neck. chest, front shoulders; withers face hooves and legs but only up to the knee -is fine

Just remember to stay away from the large mus-cles that are found mainly around the rump and belly. Of course, you can wipe these areas with a wet towel to clean them off, but please don't use any direct cold water there. Wait until your horse has cooled off completely on his own before putting any water on those

I know you have seen people do this, but think it out before you let them tell you they have done it for ears, and their horse is fine. Do you remember my arti-cle on saddles?

Sometimes people teach their horses to endure pain, and don't even realize they are doing it. When your horse moves around it usually means "don't". Use your own judgement; it's your horse

As an added extra to your saddle, you can tie a piece of string with a snap to a sponge and attach it to the

side when you go riding.
This allows you to sponge your horse along the way, to assist in keeping the as enjoyable for him as it is for you. Just think how nice a face cloth feels on your own face on a hot day. Remember, sweat runs into your horse's eyes too!

A request to all drivers: If you are following a horse trailer, and it stops for any reason, please stay a safe distance behind. Although the chances are slim, if someone was to hit you from behind, and you are right on top of my trailer, how far into my horses' back legs do you figure you would be? Thanks; I thought you would understand.

Volunteer of the Year certificates were presented. This year's recipients were Reta Pitts of Madoc (right) and Valerie Shanks of Marmora (right). Program Co-ordinator Sharon Mindle (middle) presented the awards.

Valerie Shanks of Marmora and Reta Pitts of Madoc received Volunteer of the Year certificates for outstanding service. The seniors program continues to grow, with volunteers working 7,456 hours this year. They prepared and delivered 4,894 meals and drove seniors to 827 medical and personal appoint-ments. They also manned the seniors satellite office in Marmora for 1,194 hours and made over 500 friendly calls to seniors in the different communities. Volunteers also helped with the Diner's Club, an indoor walking program at Centre Hastings Secondary School, as well as prepare tax forms, make friendly visits, help with fundraising and much, much more. They cannot be thanked enough, Co-ordinator Sharon Mindle said. The programs are always in need of volunteers. If you can help call Sharon at (613) 473-5255 or (613) 472-0560

Squirts earn "A" finalists at Trenton tourney

Our Squirts hosted Trenton on Thursday, June 7 giving the boys their first loss. The boys just couldn't get a break, every time Madoc hit it was usually

right at the opposition. The boys lost by a 7-1 decision. On June 12 the Squirts travelled to Springbrook with game ending in a 6-6

The Squirts then travelled to Trenton on June 8 to participate in a tournament consisting of eight teams

In Game I against Lakefield Madoc came out on top with a 5-2 decision. Crossing home plate for Madoc were Mike Stein, Jim Meraw scored twice, Max Smith and Scott Kynnersly each scored a

In Game 2 the boys played Trenton. Scoring for Madoc was Mike Preston with a home run. Mike Stein with one, Jeff Bedore with two, Mark Boyle with two including a home run and Jim Meraw with one. The boys played great defence which included some great plays by Max Smith, Greg Smith. Scott Kynnersly, Jessie Smith and Josh Leaver. The final score was 7-4 for Madoc, which put the team in the "A" final

against Stirling. Mark Boyle, Jeff Bedore and Mike Preston shared the mound duties in the game.

This game proved to be a real pitching duel with Mark Boyle on the mound for the Stingers

The Stingers drew first blood in the second inning with Greg Smith driving in

Jim Meraw for a 1-0 lead. Stirling tied it up in the top of the fifth where it remained deadlock until the top of the ninth inning when Stirling scored two and it ended up 3-1 for Stirling, for the A championship.

Congratulations boys on being the "A" finalists.

C.H. Community Trust continues to move ahead

by Jeff Wilson

The Centre Hastings Community Trusthas added a few new members to the board of directors and elected an executive, during two meetings over the last couple of weeks.

Inaninterview, Eric Fry, director of Hastings County Srovies, who facilitated the creation of a community trust for the Centre Hastings area, said that two new board members were added at a meeting a couple meetings ago. He added that at a meeting last week, Madoc Reeve Tom Deline agreed to sit on the board until the trust fund got off the ground. Bill Edgecombe was elected to chart the board, while board member Paul Kennedy was elected to streamer.

Fry said the next step of the board will be to personally visit with local service clubs, church groups and others to discuss the community trust concept. He added that a couple of churches, St. Paul's United Church in Stirling and St. Paul's Anglican Church in Roslin have indicated an interest in donating some money into the fund.

Deline said he decided to join the board because he felt it was in need of additional members and he liked the trust fund concept, which he described as a "one ston show."

stop shop".

He added that the trust fund, which allows each dollar donated by local or ganizations to be matched through provincial and federal grants, will help the working poor in the area when they hit a bad spot.

The meeting for the Community. Trust board will be held on July 2 at the Madoc Village municipal office, starting at 7 p.m., everyone is welcome.

At the last meeting, some guideline's were set out on eligibility for the trust fund. Deline said that he was in favor of dollar limit that was established.

Renewing Wedding Vows After 50 Years!

Three Madoc couples renewed their wedding vows as part of the celebration of their 50th Wedding Anniversary. The service to renew their vows was held at St. Bartholomew Anglican Church in Bannockburn, last Sunday. The three couples included, (1-r) Irene and Jack Martin, Pai and Gord Carrer, Lillian and Wilfrid Raw? The renewal of vows services was performed by Rev. Brian Webber (back). The Martins celebrated their 50th anniversary last December. The Carters celebrated theirs last April, while the Raws will celebrate theirs this week.

64 school board employees expected to lose jobs

After negotiations between the unions and the Hastings County School Board, it is expected 64 of the 528 employees that received termination notices earlier this year, will be laid off under the new collective agreements reached for 1996-97.

The school board has one year contracts with elementary and secondary teachers and CUPE. The three employee groups have reached the \$2.6 million reduction target set by the board when it approved the 1996 operating budget of \$114.9 million.

The cost-cutting goal for elementary teachers was \$1.4 million, while for high school teachers the target was \$798,707. The goal for CUPE was \$378,800. . Those that will be laid

Those that will be laid off next fall include 30 elementary classroom teachers, 14 adult literacy program teachers, and another 20 Canadian Union of Public Employees (CUPE) consisting of educational assistants', custodians and maintenance workers and
secretaries.

As well addition jobs are being cut through attrition and participation in the board's early retirement incentive program, which held the actual number of layoffs down to 64.

In a press conference Board chairman Ernie Parsons said that it wasn't possible to save everyone's job because of severe cutbacks in provincial funding for education.

Thirty high school teach-

Thirty high school teaching positions have been eliminated. Attrition and participation in the board's voluntary early leave program have resulted in no high school layoffs.

Birthday celebration in Foodland parking lot

Norwood - Get ready to sing happy birthday for Canada!

The Norwood and District Boys & Girls Club is inviting the community to help them celebrate our na-

tion's birthday during a special July I gathering in the Foodland parking lot from 5 pm until 11 pm. The Club has received a small grant from Heritage

Canada to host the event that will include hats, flags, games, hot dogs and hamburgers and music.
Plans to host an off-site

fireworks display have been set aside because of lack of funding but that has not dampened the Club's enthusiasm for this community event.

This Canada Day event ties in nicely with the Royal Canadian Legion, Branch 300, parade to the Ceno-The parade to the Centraphearlier in the afternoon.

Police will step Asphodel Heights patrols

Residents worried about road safety for kids

Norwood - The Ka-wartha OPP will try to address concerns about road

safety in Asphodel Heights Martin Grotzch, a resident of Asphodel Heights, was at the June 10 Nor-wood-Asphodel Commu-nity Policing Committee meeting to express his concerns about children's safety caused by speeding in the area, cars in the summer and recreational vehi-

cles in the winter.
Community OPP Constable Doug Norman said they will try some extra patrols in the neighbourhood with a new radar gun.

Increased cruiser pres-ence and a few charges should cut down on the problem, Const. Norman told the Committee

The Committee also heard from student Mike Sanderson who is looking for sponsors to help fund him at a special six-hour fundraising bingo at Springdale Manor in Peterborough. The bingo is to help raise funds for the SEVEC program. SEVEC is a non-profit

organization that is arrang-ing the "twinning" of 43 Ontario and Quebec stu-dents during a two-week educational exchange in

Multiple Sclerosis

Where will you be on November 1-3, 1996? We hope you are planning to attend the Ontario Division Annual General Meeting and Fall Conference of the Multiple Sclerosis Society once again held at the Delta Chelsea Inn in Toronto.

Preliminary registration packages have been mailed to your local chapter chair. Full registration packages will be available at the end of August, allowing ample time to meet the October 1 registration deadline.

The following is a sample of the workshops to be offered this year: cognitive issues and depression re-lated to MS; employment issues for the chapter chairs; today's technology; sup-porting the needs of the 90's; an annual highlight of the conference and the medical research update.

If you are interested in attending and would like to know more about workshops and presentations of interest, contact your local chapter. You may even qualify for financial assistance to attend the conference. Members of Ontario

division not registered with a chapter are asked to con-tact Cindy Des Grosseilliers, Ontario Division, Chapter Resources Manager at (416)-922-6600, extension 312, or tollfree 1-800-268-7582

Special Book Offer

Claude MSing Around is a book of cartoon illustrations that will convey the humorous side of life for people affected by multiple sclerosis. This delightful book is the creation of John Mythen who was diagnosed with MS in 1974. Through his character, Claude the dog. Mythen presents ex periences that are universal to people with MS, such as physical symptoms and social situations.

Those who are just learning about the MS experi-ence will do so with the clever and insightful hu-mour of John Mythen.

"Claude Msing Around" is available for \$12.95, including postage, handling and taxes. Please send a cheque or money order to: John Mythen, 1551 Bridgman Avenue, Suite 106, North Vancouver, BC

Carewell observes "Nursing Home Week" with busy schedule

Residents and staff of Carewell Nursing Home celebrated "Nursing Honte Week" June 17-24 with a variety of activities. Each afternoon was filled with special events for the residents, families and visitors.

On Monday, hairdresser Sharon Johansen offered a clinic on makeup and beauty tips. Three of the ladies enjoyed volunteering for makeup applications and

makeup applications and receiving new hairstyles.
On Tuesday, Beryl Nicholas played the piano and led a sing-song while Campbellford Little Theatre performed a variety of

On Wednesday, Sherry Wright and Janice Ketcheson of "Unique Casuals" demonstrated many attractive ways to wear and tie scarves.

The nursing home's annual "Berry Social" was held Thursday. The white tablecloths and red centrepieces made a very impressive background for the delicious berries and

whipped cream treats that were enjoyed by all.

Entertainment was pro-vided by staff members with donations to the Alzheimer's Association of Peterborough being gratefully accepted.

Vic and Stanley Morrow entertained the residents on Friday with their enjoyable music and wonderful sense of humour.

The Carewell staff extends its appreciation to all those people who participated in the activities. 'arewell's commitment to the residents at the nursing home is to provide opportunities for activities within the community as well as in the home. Volunteers are needed and appreciated. If you would like to volunteer please contact the home at 653-4100.

County Warden endorses local workfare program

Many community groups in the area are anxious to take part in the new workfare program being introduced by the Ontario government, says County Warden Brenda Weese.

The work-for-welfare initiative, called Ontario Works, is being phased in

works, is being phased in right across the province. "We believe our com-munity will benefit from the initiative," says Mrs. Weese. "We have consulted a number of community groups in the area and many are anyons to take need are anxious to take part. They see workfare as an opportunity for the community to work together for the

common good."
The Warden The Warden said stakeholders were consulted before the initial proposal was made to the Ministry. She says the county will continue to seek the input of anti-poverty groups, charities, community associations and service clubs to ensure the best possible outcomes for organizations and participants.

Mechanisms are being put in place to ensure jobs are not taken from the existing labour market, Mrs. Weese assured. "For example, community employers will be required to sign an agreement that layoffs or job displacements will not result from work for wel-

that often hurt the very people we were trying to help." He said workfare will bring people on social assistance into contact with potential employers in the community

He said workfare would also enable communities to complete projects that might otherwise be unaffordable. Listed as suggested placements and projects for workfare par-ticipants include: literacy training for those in need,

including other social assistance recipients, seniors and youth, a visitation or regular safety check for seniors; and construction of playgrounds or other community improvement

projects.
Dr. Galt said participants could also help out at local charity events or offer their assistance at a seniors' drop-in centre. He said workers could also help with the new school breakfast programs now under development

John Penman of Community Care Norwood is thrilled by the joint venture between his organization and the youth centre as is Bob Savidant, his counterpart at the Boys & Girls Club.

Pledge sheets for the walkathon are expected to be ready this week and supporters are asking only for a fixed donation, not a bythe-kilometre contribution.

Mr. Penman says tax receipts will be available to anyone offering a pledge of more than \$10.

Mr. Penman and Mr. Savidant are working together planning the event and are anxious to hear from people who would like to volunteer along the route which will follow highway 45 to the village of Hastings and end at the Hastings Resource Centre on Front following the informal re-ception at the Resource Centre. Volunteers to help with this duty are also re quired.

Anyone who gets a pledge sheet will have a special eard that identifies that person as an authorized walker, Mr. Savidant says.

Lawn bowling held in perfect weather

by Kathy McNeilly

The Campbellford Lawn Bowling Club held its first in-club tournament of the season June 11 in perfect lawn bowling weather.

The teams played for the Wib Kingston Memorial Trophy, sponsored by Thelma Kingston in memory of her late husband. Both Thelma and Wib were keen bowlers for many years and well known throughout the Campbellford/Seymour

area.
Thelma Kingston was available to present the trophy to the much-deserving Marjorie vinners: Hutchinson (Skip), Calre Ingram (Vice), and Baxter White (Lead). Running a close second was Irv Hutchinson with Isobel Linn and Wanda Tucker Third place went to Ula Boose, Eileen Ingram and Sharon Osborne

We were pleased to have six new bowlers trying their fuck at their first tournament and all agreed they enjoyed the afternoon and are looking forward to the

» In view of personal plans for the future and the possibility of another appointment/OPP structure change for Norwood and Asphodel Township, Const. Norman brought forward the idea of having separate officers appointed to be re-sponsible for each of the three groups -- Police Com-mittee, Neighbourhood Watch and Block Parents attending scheduled meet ings etc...; this idea being approved in principle. Const. Norman will discuss it with Sergeant Rick Griffis;

» Sgt. Griffis has been talking to the Boys ad Girls Club about its July 1st ac-tivities and wonders if Police Committee members would be willing to assist if necessary.

More business

The Police Committee heard that the recently-held car wash realized \$471. Three Boys and Girls Club members assisted in the members assisted in the event and helped raise \$235 for the Club.

It was suggested the spring car wash next year be combined with a BBQ. This will be discussed when plans are made in 1997.

A baseball tournament and corn roast is being planned for Aug. 28. There was no update but plans are well in-hand. A location has vet to be determined.

Volunteers

Office volunteers logged 18.25 hours in May.

Secretary John Penman reports that there are four prospective volunteers waiting for interviews. The interviews with the sub-committee will take place as soon as possible

It was suggested that there should be a training session for new volunteers possibly a brief introductory session chaired by Const. Norman for the new volunteers as a group.

Cottage info

There was a report that a cottager had been confused by the "OPP areas of responsibility" between the Campbellford and Peterborah between All out ough detachments. All outlying residents should be made aware that a phone call to the 1-800 number

will be rerouted to the correct detachment by the Communications Centre. The Police Committee

next meeting will be held July 8 in the Westwood Li-brary starting at 7 pm.

CHSS student wins scholarship

by Jeff Wilson

It was a "shocking" day. when Centre Hastings Sec-ondary School Istudent Bruce Meiklejohnreceived the news he had a prestig-ious scholarship from Carleton University in Ot-

Just a couple of weeks ago. Bruce was informed by the university he had been awarded one of just arships, which entitles him to \$20,000, \$5,000 each year. The requirement of the scholarship is that Bruce must maintain an A- or 10 grade point average (80 per cent and up) each year. The Chancellor's Scholarship can be applied for by any potential student that would like to attend Carleton. Bruce said he asked Mrs Bonter of the CHSS guidance office to keep him informed of any possible

scholarships available, and that is how he was informed of the Carleton scholarship.

'It will definitely help offset the costs of univer he said, describing the

scholarship.
Bruce has been accepted in the Architecture pro-gram. The program is a dif-ficult one to be accepted to, withover 1,000 applications only 50 first year students are accepted. When asked if Carleton was his first choice. Bruce said it had been a toss up between Carleton and Waterloo, where he had also applied.

It was back in Grade 7 when Bruce said he first thought about entering architecture. He also be able to incorporate his creative ability into the design element of architec-ture. Bruce said he loves painting and art in general.

After becoming an ar-chitect, Bruce said he hopes to work along with the en-vironment. He said today he notices more and more buildings going up, at the expense of forests.

I want my work to be ecologically friendly, working with rather than against environment," he

Bruce said he would like to thank the school's guidance office, the tech. department, as well as the rest of the CHSS community for all their support.

CHSS student Bruce Meiklejohn was recently awarded the one of just eight Chancellor's Scholarships, which are available to any potential Carleton University student. The scholarship will be worth \$20,000, \$5,000 each year. as long as Bruce maintains an A- or 10 grade point average.

effer to the Editor

We, the employees of the Centre Hastings Social Services Office, want totell the public the way it RE-ALLY IS.

We are employed by the County of Hastings (union is CUPE) and not by the Ministry of Community and Social Services (union is OPSEU) who are employed by the Provincial Government. Our jobs are very similar although our pay is substantially lower.

Out of 71 municipalities in Ontario, Hastings County Social Services carries the third highest caseloads (average of 245 cases per worker) and at the same time is the lowest paid county in ALL of Ontario.

There are quite a number of County employees who currently have their wages "topped up" by the Welfare Department. In fact, these are the only employees who have significant benefits. We struggle to make ends meet, just like everyone

We are entitled to a fair wage and benefits for our hard work. Having to fight

for it, we question the County of Hastings respect for us as employees and the appreciation for the positive impact our work has in the community

We know that money is "tight" in Ontario, but the County Social Services' budget is virtually the same as last year and our tax base BROADER than neighboring municipalities who receive 8 - 12 per cent higher wages and carry much smaller case loads.

We work in the Social Services field because we care about people. We do not begrudge any of the services that our clients receive. All we ask for is the same respect and considcration that we freely give our clients

Madoc Township Sports Update

The Madoc Township Ball Park in Eldorado has seen lots of activity since the middle of May. The Men's and Women's Fastball Leagues are in full swing with games being played Monday, Wednes-day, Thursday, Friday and Sunday evenings. The Mens' League Mid-Season Tournament is coming up the weekend of July 5, 6 and 7. It promises to be a great opportunity for ball fans to see some entertain-

ing play. Madoc-Township Minor Ball is also well under way. We currently have seven Rep Ball teams participat-
